Wednesday entertainment thru to Thursday clean up after dinner – Hall, Burra and CRC

Thursday entertainment thru to Friday clean up after dinner – Canberra Lakes, Belconnen, Jindabyne and Sutton

Friday entertainment thru to Saturday lunch– Bungendore, Michelago, and Tumut

SATURDAY BBQ/CLEANUP

We would like all clubs to assist with preparation with Saturday BBQ.

All clubs are expected to help restore the ground back to how we found it; the majority of this can be done in the morning. However some things cannot be completed until the grounds are empty of horses and families. Examples of these are toilets cleaned, all rubbish removed, canteen floor swept and washed, kitchen totally scrubbed down, etc. Clubs have provided me with names of helpers for these jobs. The list will be placed on the window at camp.

ROSTER IN GENERAL

A reminder that roster includes help in the kitchen for preparation of all meals for the day including breakfast. I have attached an information sheet the kitchen staff have compiled that will assist clubs with their kitchen commitment We require 2 dorm mums from each club per night please ensure the club contact is aware of who these people are and they arrive in plenty of time for a briefing, around 6pm at the latest.

Could Clubs please advise a camp point of contact from those staying all week in order to coordinate rosters and as a contact at night in case of issues. We will also be holding a special briefing for these contacts to ensure the rules of the camp get out there.

It is the responsibility of the Clubs to organise a roster of workers from their clubs and discuss with the club you are rostered with to ensure that there are sufficient people to cover the duties as the figures are PER ROSTER not per club. The first named Club has the lead for coordinating their rostered Duty Day, please talk to each other.

ENTERTAINMENT

Zone has arranged entertainment for Thursday and Friday. Clubs need to set up the activity when needed, supervise the activity and ensure riders are in the appropriate place at the appropriate time and clean up at the end of the night (usually means restoring the dining hall ready for breakfast).

Clubs will need to think of activities for the other nights (please coordinate between rostered clubs). Suggestions to me via email toni.cuthbertson@health.gov.au or Mark (0457528344).

Sunday night –

Traditionally this was information night, however this year we will be doing this during the day. Clubs can organise an activity or just supervise riders until lights out.

Thursday night –

skit night

Friday night –

disco

Look forward to a great camp see you there.
